## УКРАЇНСЬКИЙ КУЛЬТУРНИЙ ЦЕНТР

Dears,  
It is good to be a dreamer but it is amazing to be a dream maker, I am lucky to dream and make it true. We start with 2 stages from 6 stages for my dream and within 2 years we will complete the whole 6 stages which will be not only a center but whole place to serve the community from all sides and environment.

Thanks  
Ahmed Hassan  
(The founder of The UCR)

The Ukrainian Cultural Center located in Hurghada.

We serve the local community as a central hub for civic, social, and religious events. The UCC is open to people of all races, religions, and ethnicities.

It is more than a way to Ukrainian Culture , it is a way to learn and see more , in the same time unified with a true life in Ukraine from your home, feel at home while you are away from your home.

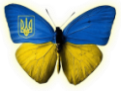

We believe community participation is essential to fostering opportunity and growth within the area. In keeping with our beliefs,

We offer our space as a meeting place for local Government departments that assist area residents.

Furthermore, we serve and sponsor for dances and social parties that correlate with the holidays as well as serving local organizations of different creeds as a facility for their cultural and religious fulfillment.
